

# In Primary 3 our learning will include:

## MATHS AND NUMERACY

- Revise 2, 3, 4, 5 and 10 times tables.
- Time – use a clock to tell times to and past the hour.
- Shape – use formal language to describe 3D objects.

At home you could:

- Find things in your house which are 3D shapes eg cereal box and talk about how many **faces**, **edges** and **corners** it has.
- Encourage your child to read clocks around the house and work out how long things last eg TV programmes.

## LITERACY

- Read, read, read! Books, magazines, recipes, online stories.
- Identify and use nouns, adjectives, verbs and adverbs within reading and writing.
- Write every day – common/phoneme words, a diary, short stories, book review.
- Practise joining letters together in handwriting.

At home you could:

- Consolidate previously taught phonemes and common words (in homework jotter).
- Encourage your child to read every day.
- Encourage them to write every day. There are Time Capsule activities posted on our Twitter to help with writing a diary.

## HEALTH AND WELLBEING

- Develop an awareness of your thoughts and feelings and be able to talk about them: it's ok not to feel ok.

- Making healthy lifestyle and food choices and discuss how they contribute to a healthy diet.

At home you could:

- Discuss the foods that you are eating and encourage your child to help to create healthy snacks/drinks and generally help out in the kitchen.
- Encourage your child to talk about how they are feeling during these uncertain times to help them develop strategies which will support them in future challenging situations. Reassure them this will not last forever.

## RELIGIOUS EDUCATION

- May is Our Lady's month. Learn about Mary and the different names we give to her e.g. Queen of Peace, Our Lady of Lourdes.

At home you could:

- Say a decade of the rosary every day as a family to ask Our Lady to help us and look after us all.

## ACROSS THE CURRICULUM

- The Ancient Egyptians – Research one area of this topic and make a book, poster or model to show what you have learned.
- Use Charanga to learn new songs and music skills.

At home you could:

- Encourage your child to learn about The Egyptians and help them to present their findings.
- Encourage your child to login to Charanga music (given in Home Learning Pack) and participate in the lessons with them.
